Board of Directors
Tucson Airport Authority
7250 S. Tucson Blvd., Ste 300
Tucson, AZ 85756

Dear Members of the Board,

I am writing to express my intent to become a Tucson Airport Authority Member. As a long-time resident of Tucson with a deep appreciation for our community and its growth, I believe I can contribute meaningfully to TAA's mission.

Since coming to Tucson, in 1996, I have been a huge advocate of Tucson International Airport. As a faculty member at the University of Arizona, my research requires me to travel frequently to Chicago, IL and Geneva, Switzerland, accumulating over 2M miles in the process. I have come to realize the value of our local airport and strongly advocate to all for support of this important local resource. In my leadership roles at the University of Arizona, I have overseen many units and groups that connect to our local community and support our region's economy. In my current position, both research and commercialization contribute directly to our region's economic success, which relies strongly on a robust and vibrant transportation system. As such, I am particularly passionate about ensuring that the airport serves as a vital hub for economic development while also being sensitive to community needs.

My involvement with local and state-wide organizations goes back many years. For example, I developed the concept of Science City for the Tucson Festival of Books in 2012. This STEM-focused activity has become a key attraction of the Festival of Books, which brings in over 130K visitors to the Festival and contributes over \$4M to the local economy. These types of engagements have strengthened my ability to collaborate with diverse communities and advocate for growth of travel to and from Tucson. I believe that my experience in connecting the university with our local and state communities will be beneficial in supporting the Tucson Airport Authority's goals and initiatives.

I am eager to contribute to the advancement of our local airport and to work alongside dedicated individuals who share a commitment to enhancing Tucson's connectivity and economic vitality. Thank you for considering my application. I look forward to the opportunity to discuss how I can support the important work of the Tucson Airport Authority.

Sincerely,

Elliott Cheu
