### About the Tucson Airport Authority

The Tucson Airport Authority (TAA) is a unique nonprofit organization developed by business leaders, and created through Arizona state charter in 1948; it is certified to operate an airport system that consists of Tucson International Airport (TUS) and Ryan Airfield (RYN). In addition to serving general aviation and military users, TUS serves the commercial passenger and air cargo needs of metro Tucson, southern Arizona and northern Sonora, Mexico. RYN serves a general aviation reliever airport for TUS and is popular amongst transient pilots for recreational use.

**Mission Statement:** Promote aviation and foster economic development by strategically planning, developing and operating the most effective and efficient airport system in Southern Arizona.

### The Airport System

**Tucson International Airport (TUS)** is a commercial service international airport serving air carrier, cargo, military users and general aviation operators. TUS serves over 3.5 million passengers annually. TUS, is about 8 miles south of the city's central business district, encompasses about 8,400 acres. The airport campus includes 130 building with nearly 2.5 million square feet of space, and about 60 tenants.

**Ryan Airfield (RYN)**, is a general aviation reliever airport serving general aviation and military users. RYN is located about 12 miles west of Tucson, covers 1,800 acres and accommodates 30 tenants providing a wide variety of services for general aviation and military users.
