DIRECTOR INTEREST FORM

Please explain how the TAA will benefit from your service on the Board of Directors.

I have developed a depth of knowledge regarding the airport and its operations from prior service on councils (finance/risk and governance), a special project team (parking vendor selection), and service on the governing board. I have 35 years experience as a business owner and practicing attorney representing a varied group of intutional, governmental, and individual clients in the region, along with participation in state bar leadership positions and charitable boards. I have very much enjoyed my work on each, learned from them all, and believe I can bring that experience and perspective to the TAA board and any community advocacy helpful to the staff. I believe that this an exceptionally well run and appealing airport -- vital to the unique community that we live in and love -- and would like to be part of the effort to continue that success into the future.

I would be interested in serving in an officer role also if there is a need.
